Cell Phone & Electronic Device Policy

Cell phones and electronic devices can significantly disrupt learning and compromise academic integrity. With today's technology, it is possible to photograph or share test materials electronically, undermining the fairness of assessments and instruction. To maintain a focused and distraction-free learning environment, **use of these devices is strictly prohibited during class hours.**

Additionally, there is **no valid reason** for a student to use a cell phone or device during class or driving instruction. This policy will be clearly explained to all students on the first morning of class.

Policy Overview

- The "school day" is defined as the period beginning when a student arrives for class and ending when they are dismissed.
- Upon entering the classroom each morning, students must:
 1. **Turn off** all cell phones and electronic devices completely.
 2. **Place** their devices in the designated storage area.
- Devices will be returned to students at the end of the class day.

Violations

- If a student is found in possession of or using a cell phone or electronic device during class or driving instruction, **they will be immediately dismissed from the Teen Defensive Driving Program.**
- **No refunds** will be issued for students dismissed due to policy violations.

In the event of an emergency, staff will assist in contacting a parent or guardian using the school's telephone.

Acknowledgment of Policy

I/We have read and agreed to abide by the Cell Phone & Electronic Device Policy stated above.
